## ◆ INVITATION ◆

### The Memories Project

funded by The Heritage Lottery Fund - Sharing Our History

**Victoria Primary School, Newhaven**  
**Wednesday 25<sup>th</sup> April 2018**  
**at 1.15pm until 3.15pm**

Children love to hear stories about “the olden days” and learn about them. Older people love to tell younger generations about the days of yesteryear. This was the basis of The Handling Pouch Project, our intergenerational initiative that has brought children from Victoria Primary School together with local older people to share memories of Newhaven.

Come and see the resources we have created to help these stories be retold. The children will tell everyone what they got out of the project. Objects and photographs are contained in pouches which will act as bridges to people’s memories. You will be able to examine the contents of these pockets specially designed to reflect the “poches” of the Newhaven Fishwives.
